

LIFTING UP THE NEXT GENERATION OF LEHIGH VALLEY WORKERS

We're offering a summer jobs program for employers
in Lehigh and Northampton Counties!

Starting May 6, 2019 through August 30, 2019

Program runs 8 weeks, with full-time 37.5-40 hours per
week, for youth between the ages of 16-24.

Funding through a PA Department of Labor and Industry Demonstration Project in partnership with the Workforce Board Lehigh Valley.

Young adults between the ages of 16 and 24 may participate in an 8 week Summer Jobs Program at your worksite. The best part is we pay the interns to work for you through statewide funding, and encourage an employer contribution to the base wage. We also cover FICA/Medicare and Workers' Compensation.

Want to take advantage of this incredible program and contribute to the next generation of workers in the Lehigh Valley? **Call 610-841-1004 today.**

If you are an employer in Lehigh and Northampton Counties interested in hiring summer interns for 2019, please reach out to Cindy Evans by calling 610-841-1004 or by emailing cevans@workforceelv.org.

READY TO PARTICIPATE IN THE LEHIGH VALLEY'S SUMMER JOB PROGRAM FOR EMPLOYERS IN LEHIGH AND NORTHAMPTON COUNTIES?

Satisfied Employer

"CERA-MET was extremely pleased to participate in the 2018 Summer Internship program with the Workforce Board Lehigh Valley. We were able to offer our intern a real-world experience of how our plant operates and we hired him as a full-time employee! We really appreciate the support from the Workforce Board Lehigh Valley and would like to participate again in this year's program."

Marc Riquelme Chief Operations Officer and General Manager
CERA-MET

Get the workers your business needs and help develop the Lehigh Valley talent pipeline!
