

# Jobs for You! Webinar

## Health Care Career Education

**HEALTH CARE CAREERS ARE FOR MORE THAN DOCTORS AND NURSES!**

In-demand occupations such as:

- medical assistants
- technical partners
- patient service representatives
- registration specialists
- administrative assistants

... and many other clinical and non-clinical support roles are a great way to begin an entry level career where you can help people in the health care industry.

According to the Bureau of Labor Statistics, employment in health care occupations is projected to grow 15% from 2020 to 2029, which equals around 2.4 million new jobs.
