

## Employer Wednesday

9AM-12PM

**March 10, 2021**

1PM- 4PM

As a family-owned company, we understand that to some people engineered wood seems complicated, hard to understand and hard to physically handle. That's why we make it simple. Our employees are committed to providing a great customer experience. Every time you call, you'll be greeted by an expert who is prepared to help; you will never get an automated attendant. Engineered wood is all we do. It isn't a sideline or add-on product that diverts our attention from other things. It isn't a watered-down offering that complements a commodity mix. Our total focus on the engineered wood products business is what differentiates us. We make it simple.

Amazon is looking for full-time associates. Allowing you to have a 3 day weekend by working a full-time 4-day week, along with benefits starting day one!
