

SkillUp™ Lehigh Valley is a free, electronic training (e-Training) tool designed to help Lehigh and Northampton Counties build a workforce ecosystem that supports positive economic development. Employers can search for qualified candidates, post jobs, and receive in-depth consulting to address hiring and training needs. SkillUp™, Lehigh Valley through the Metrix system, provides 6,000 courses in industry, technical, process and employability skills. The SkillUp™ Lehigh Valley is customizable to meet your demands as it offers training and preparation for over 130 industry certifications. As you work to upgrade your workforce, share SkillUp™ with your employees!
