Business Description

Bosch Rexroth is one of the world's leading providers of drive and control technologies. Regardless of the motion task that customers face anywhere in the world, they will always find a Bosch Rexroth team with the local experience and the appropriate know-how from more than 30 industries and all drive and control technologies.

Our associates take on their customers' challenges with passion and persistence until the right solution is found. This is what makes Bosch Rexroth a strong, reliable partner for Mobile Applications, Machinery Applications, and Engineering and Factory Automation. As the Drive & Control Company, we develop, produce, and distribute our components and system solutions in over 80 countries.

You'll find our drive and control technology in a wide variety of applications: From excavators and tractors to CNC woodworking and metal-cutting machines. You'll find us in automotive factories, packaging systems for the food industry, medical devices and laboratories, and even in grand-scale projects such as the London Eye or the Panama Canal. With a product portfolio that includes all technologies, as well as a comprehensive offering in service and support, Bosch Rexroth is an expert partner for the complete machine life cycle.

Knowledge, Skills, and Abilities Needed

We're looking for employees who are or have...

- Bachelor's in Engineering (Computer Science, Mechanical, Electrical, Industrial)
 - Bachelor's in Finance
 - Bachelor's in Supply Chain Management
