Company Information

Heather Glen's mission is to offer premiere personal care and memory care services within the greater Lehigh Valley area. Our first commitment is to ensure your loved one gets the best care and assistance available. Not only do we have very high standards for hiring our caregivers, we employ more credentialed caregivers than others serving our industry and we staff at much higher levels than required by state regulations. We create an attractive homelike living environment with a focus on comfort and compassion. Additionally, we provide an upscale dining and living experience to our residents, their families and friends. Our owners reside in the Lehigh Valley and have a personal connection to our residents. They know many of our residents personally. We also support our local economy by hiring locally and using local companies and service providers. We believe our reputation in the Lehigh Valley enables us to attract the best team to care for your loved ones.

Knowledge, Skills, and Abilities

We are looking for employees who are or have...

- Highly motivated to learn, expend knowledge in Healthcare
 - Positive attitude
 - Compassionate
