Business Description

Kuhnsville Car Wash is a family-owned small-business success story. Opened in 1988 by John and Carol Kuhns in the town named after John's predecessors, the goal was first-class service provided by personable, efficient employees. The Kuhnses son, Jon, owned the business from 2006 to 2015 before moving to other opportunities. Today, Carol has returned as the new owner and maintains the original goal of first-class and friendly service while staying current in the car wash industry. We are a member of the International Carwash Association and a certified Watersavers facility. We are thankful for our amazing and hard-working employees (many of whom are local high-school and college students) and for our loyal and new customers who tell us often we are the "best in the Valley."

Knowledge, Skills, and Abilities Needed
