151 Boulder Drive, Breinigsville, PA 18031

(800) 662-3263

FIND OPENINGS: www.oceanspray.com/en/Careers

Business Description

Ocean Spray is a farmer-owned cooperative founded in 1930 on the very principle that we are stronger when we are working together. Today, Ocean Spray consists of 700 small family farms, with an average size of 18 acres per farm, who have helped preserve the farmer family way of life for generations. Just as our farmers have been innovating for 90 years, so is Ocean Spray. Leading by purpose, Ocean Spray is committed to the power of good—creating good, nutritious food that has a direct and powerful impact for the health of people and planet.

Knowledge, Skills, and Abilities Needed

We're looking for employees who can or have...

- Strong customer service, teamwork, and collaboration skills
- Greet and interact in a positive manner with truck drivers and internal/external personnel
 - Keep supervisor and lead informed of any issues, problems, or potential conflicts

FIND OPENINGS: www.oceanspray.com/en/Careers

Freight
Coordinator

To coordinate the efficient continuous operation shipping and receiving operations located on Park Street and/or Elizabeth Street, by facilitating the work team's activities while maintaining a high level of safety, quality and productivity awareness. ESSENTIAL FUNCTIONS include the following and reference qualifications listed on the qualification checklist (Tanker Unloading functions). Other duties may be assigned. Attendance is an essential function of this position. Perform and prioritize daily activities to include self-direction when the team leader is absent. Perform daily forklift checks and change the propane gas tanks or battery as needed with placement in the designated empty storage tank area or battery room. Any safety related concerns should be reported immediately. Become proficient in performing all Supply Chain functions including loading/unloading of trucks and tankers and staging. Prepare work area and equipment for shift. Ensure that needed materials are staged and maintain the level of supplies in accordance with daily production needs. Perform operator, line supply, shipping and receiving duties as necessary to ensure continuous operations. Utilize computer systems effectively for necessary documentation. Reference SAP for ingredient staging requirements and to verify the production schedule.
