ABOUT LCTI

Lehigh Career & Technical Institute is the largest career and technical school in Pennsylvania and among the best equipped in the nation.

Our career and technical education programs help Lehigh County students get more out of high school – more opportunities to learn practical skills, develop leadership ability, secure industry credentials, earn college credit, win scholarships, explore careers and gain real-world experience.

We offer 47 CTE programs for high school student in five areas – Arts & Humanities, Business & Communication Technology, Engineering & Advanced Manufacturing, Health & Human Services and Industrial Technology – along with traditional courses in our Academic Center.

LCTI also offer dozens of programs for adults in five areas – Construction, Heavy Equipment, Manufacturing, Mechanics and Transportation – as well as customized training for companies in the Lehigh Valley and beyond.
