

## Precision Machining Training Program Summer 2022

### Stop looking for that next job... Start building your new career!

The Precision Machining Training Program is an 8-week hands-on program that provides students with the skills needed to fill high-demand machining positions for Lehigh Valley and Pocono businesses. Participants will gain foundational skills in manufacturing including safety; reading blue prints; shop math; measurement and the use of calipers and Vernier scales; and operating lathes and milling machines. An introduction to CNC (computer numerical control) machining is also covered.

This non-credit, grant funded program, is **free** to qualified candidates and prepares students for a career in Precision Machining while also earning National Institute of Metalworking Skills (NIMS) industry-recognized credentials. Occupational skill building and workplace employability skills are also included in the curriculum.

### Program details:

Mon. - Fri., **June 10 – August 9, 2022**, 8:00 am – 2:30 pm  
Career Institute of Technology (CIT), 5335 Kesslersville Rd., Easton, PA
